

REMARKS

The specification has been amended to include a section which describes the figures. Support for this amendment can be found on page 11, in the first paragraph under Example II. No new matter has been added.

Applicants enclose a copy of Form PCT/DO/EO/905 (371 Formalities Notice).

Applicants state that there is only one page of drawings. The one page of drawings contains 3 separate figures. This one page of drawings is part of the originally filed IA. Thus the Applicants believe no processing fee is due for providing a translation.

Applicants submit that the present application is in condition for allowance. In the event that minor amendments will further prosecution, Applicants request that the examiner contact the undersigned representative.

Respectfully submitted,
